

Standalone access control, Indoor,with
Tuya app

Specification

Card type: EM

Operating current: 100mA

Operating time: 20%~30%

Lock output level: 4V

Reading range: 2-5cm

11.1A

Working voltage: DC 12V-24V

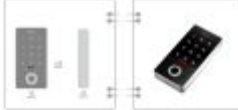

Operating temperature: $-40\text{--}80\text{C}$

Max output: 3A

Shock - circuit protect: 100ms

Idle current: 10mA

11.1A

Description

◆ touch layout, semiconductor fingerprint sensor

◆ multi-functional standalone access control, support 10000 card users and 200 fingerprints

◆ specific reader mode: Wiegand input, output format can be adjusted by user

◆ access ways: fingerprint, card, code

◆ Admin card: Support admin add card and admin delete card

◆ With Data backup function

Tuya function

◆ Remote unlock by Mobile App

◆ Manage users by mobile phone APP

◆ Set temporary code & public code

◆ Check visitor records
